

HL2005E

Portable Hot Air Heater

Low cost hand held heater

HL2005E Hot air heater is designed to work with a standard line voltage (230V) on a wide variety of Raychem heat-shrinkable products. This tool is suitable for occasional use and is not recommended for applications requiring high duty cycles.

The tool supplies forced hot air with an adjustable heat setting to meet the requirements of many different installation situations. A three position switch controls the air flow and a variable switch controls power.

A bench stand allowing use of the HL2005E as a bench tool is available as an option. Furthermore, it requires only two reflectors to cover most applications of heat-shrinkable tubing and SolderSleeve terminations.

There is an adaptor available, which allows the use of PR type reflectors.

HL2005E

Portable Hot Air Heater

TECHNICAL SPECIFICATION HL2005E Portable Hot Air Heater

Voltage	230V AC
Power	2000W
Air flow	250 to 500 l/min
Weight	920g
Length	280mm
Noise	<70dB

PRODUCT RANGE ORDERING INFORMATION

Description	PCN
HL2005E-230V-Euro	910424-000
HL2005E-230V-UK	629014-000
HL2005E-Kit-230V-Euro	849224-000
Accessories	
HL1802E-074616 - SolderSleeve Terminators Reflector	832011-000
HL1802E-070519 - Heat-shrinkable tubings reflector	022611-000
HL1802E-070618 - 9mm adaptor	930321-000
HL1802E-ADAPT-PR - Adaptor for PR Series Reflector	444817-000
HL1802E-Bench-Std	717083-000

Special Note

The HL2005E heatgun is supplied with a 3 year warranty statement by Steinel. This warranty does not apply when used in a manufacturing environment as opposed to a DIY environment. The 6 month warranty usually offered by Tyco on all tooling applies.
